

HYDRAULICS

From construction sites to farms and production lines.

Techmaflex offers a range of assembly machines dedicated to this complex and highly demanding market. With more than 30 years experience working close to the project managers and hose assemblers, Techmaflex provides manufacturers with the best in class machines for cutting, skiving, crimping and testing hydraulic hoses.

APPLICATIONS

Mining

Forestry

Agriculture

Crimping Machines

	Manual	Benchtop	Production
Capacity max.	4 WS : 1"1/4	6 WS : 3"	6 WS : 3"
Crimp range	4-70 mm	4-130 mm	4-160 mm
Crimp force max.	137t	420t	480t

Cutting Machines

	Starter	Service	Production
Capacity max.	4 WS : 1"1/4	6 WS : 2"	6 WS : 3"
Max. hose OD	50 mm	95 mm	125 mm
